

Collabora & LibreOffice

Working together to make Open Source rock

Michael Meeks

General Manager

michael.meeks@collabora.com

LibreOffice Conference
Bucharest 2023

This is what the Lord says: "Stand at the crossroads and look; ask for the ancient paths, ask where the good way is, and walk in it, and you will find rest for your souls..." - Jeremiah 6:16

LibreOffice Technology

COLLABORA

- ~150 staff, Cambridge & Montreal
- our parent company - 16 years old
- Leading Open Source Consultancy
- Parent company of:

- Spun out of SUSE in 2013
- ~48 staff
- **10 years old - this month.**
- Focused fully on Office / Online

Collabora's mission:

Make Open Source ROCK

Shared mission / raison d'être:

- Make Open Source rock
- This is the goal of our shareholders

What does that mean?

- We re-invest your support into FLOSS software, including LibreOffice, and into our partners
- All our code is open
- We do have to make money to re-invest

We are not for sale

FLOSS upwards from the bottom of the stack

Semiconductor

Digital Signage

Automotive

OEM

Virtual / Augmented
Reality

BOSCH
Invented for life

LibreOffice Technology

Collabora's Productivity subsidiary ...

Driving FLOSS goodness downwards
from the top of the stack

Our bit ...

LibreOffice Technology

What we sell:

Collabora Online

- Your Digital Sovereignty
 - *“Your own private Office in the cloud”*
- Develop, support, maintain, sustain
 - Built with LibreOffice technology
 - Highly scalable, interoperable, collaborative editing, in your browser
 - Service Level Agreement, L3 support
 - Product Management interaction
 - Go-to market via partners

Collabora Office

- Branded version of LibreOffice
 - Foundation for Online
 - Annual release eg. CO 2023.05
 - PC / Mac / Linux

Collabora

- Consultancy & Support services
 - Bespoke consultancy or
 - Pre-paid, fixed-price L3 bug-packs

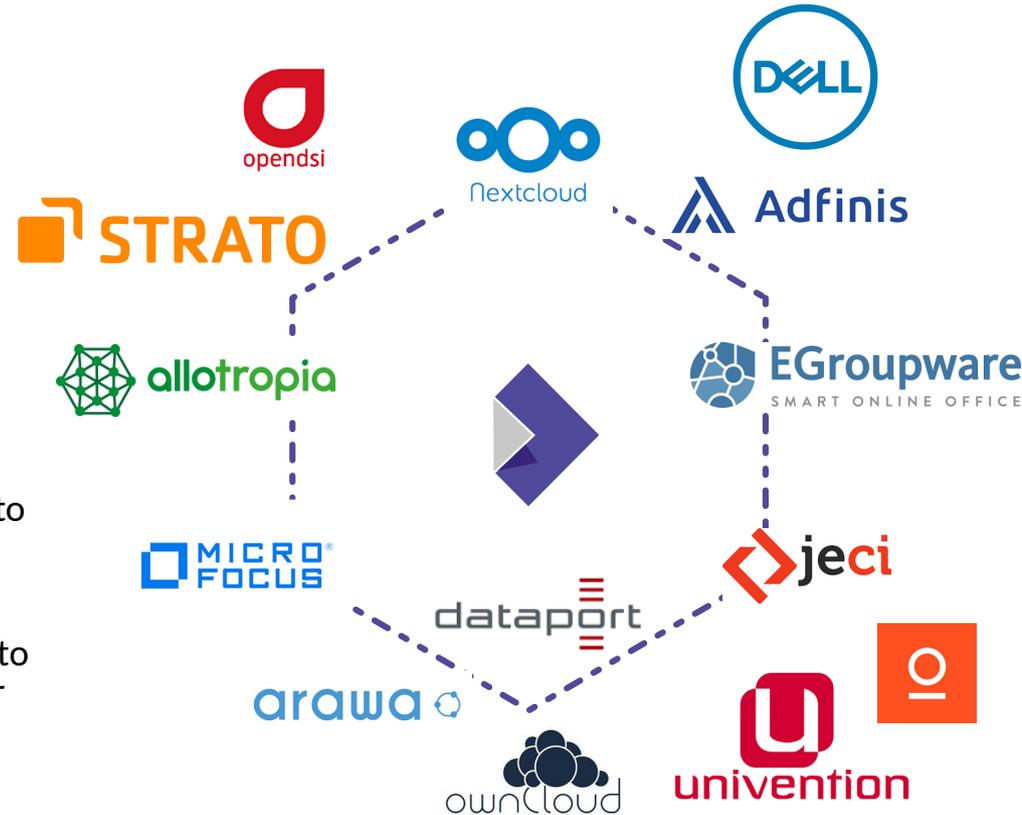

Collabora
Productivity

LibreOffice Technology

Partners, OEMs, hosters – to market

- FLOSS
 - Anyone can install a Docker image & claim to be an expert
 - It's cheap to do this badly, many save by not contributing
- Collabora Partners
 - Committed to integrating COOL
 - Committed to ensuring that users pay to support both the partner & up-stream development
 - We work hard to enable smart people to integrate Document freedom into their products & offerings

And many more **235 partners** to choose from

LibreOffice Technology

Support in your language, near you

...

Integration and commercial support in

60

countries

- Contact me to become a partner
- Or checkout our [Partner List](#) if you're interested

CODE

Collabora Online Development Edition

Free, for testing and home use

[Test It Now](#)

- On-Premise
- Rolling Updates
- For testing and home use

Collabora for Business

Supported Version up-to 99 users

€20,00 / \$22.29 / £17.60 per user/year

[Request a Quote](#)

- On-Premise
- From 20 to 99 users
- Supported
- LTS
- SLA
- Signed Security Updates
- Lifetime Maintenance
- Customer Portal Access
- Price: €20,00 / \$22.29 / £17.60 per user, per year

Collabora for Enterprise

Supported Version for 100+ users

Personalised volume discounts

[Request a Quote](#)

- On-Premise
- 100+ users
- Supported
- LTS
- SLA
- Signed Security Updates
- Lifetime Maintenance
- Customer Portal Access
- Roadmap Input
- Integration Support
- Customisation
- Desktop Version
- Mobile Support
- Price: volume discounts, personalised to your requirements

LibreOffice Technology

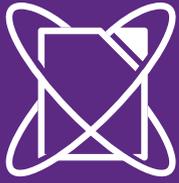

openDesk - great work from BMI ...

An open source consortium with numerous providers is working hard together with Dataport to build a Sovereign Workplace as a reference implementation to demonstrate that open source is a real alternative.

Public money – public code: checkout LibreOffice & COOL

And now – back to the code:

LibreOffice Technology

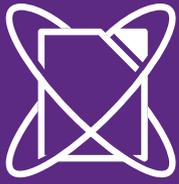

Improving the awesome LibreOffice Technology

that we all build on - a few examples

*We are pleased to contribute to core as part of
the LibreOffice developer community*

Interoperability improvements

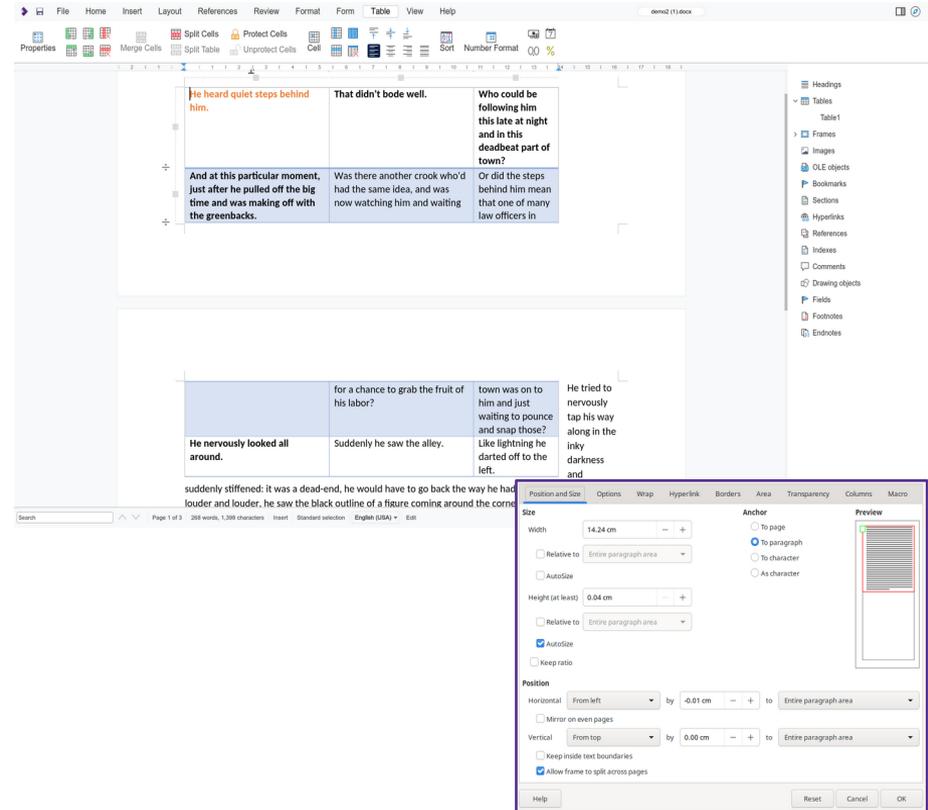

Bringing trillions of your documents into the light

LibreOffice Technology

Multi-page Floating Tables

- *The top Writer issue*
 - 38 duplicates (or so)
 - many now fixed.
 - Many CC's
 - A huge problem
- Significantly improves interoperability with tables that have been accidentally floated by users, and that span multiple pages.
- Lots of mis-designed Government forms – where tables are used for rendering borders are improved, and rendered better.

Thanks to Miklos

LibreOffice Technology

Multi-page Floating Tables

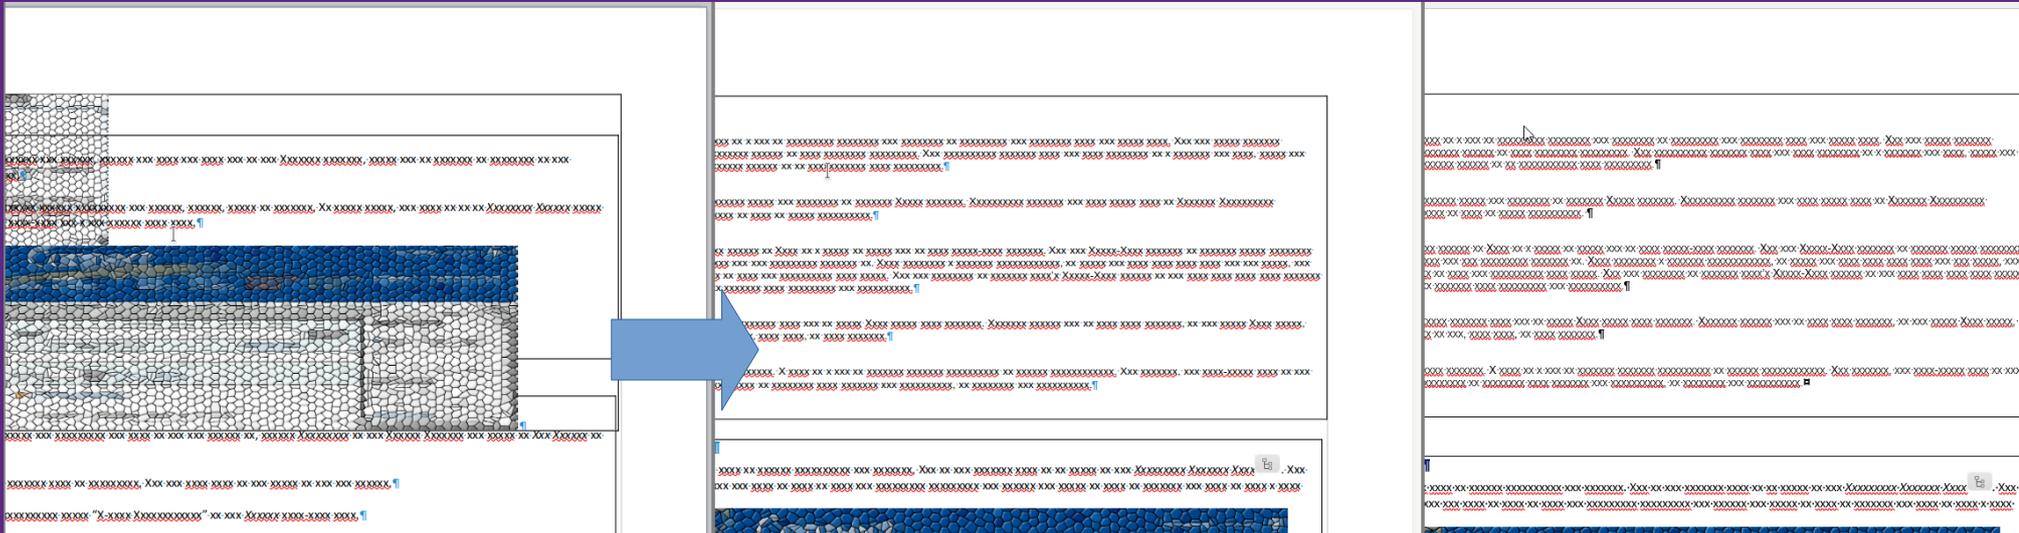

The screenshot shows the LibreOffice Writer interface with a document titled "demo2 (1).docx". The top menu bar includes File, Home, Insert, Layout, References, Review, Format, Form, Table, View, and Help. The "Table" menu is active, showing options like Properties, Merge Cells, Split Table, Unprotect Cells, Cell, Sort, and Number Format. The document content features two floating tables. The first table is a 2x3 grid with text in each cell. The second table is a 2x3 grid with text in each cell, followed by a paragraph of text. The status bar at the bottom shows "Page 1 of 3", "268 words, 1,398 characters", "Insert", "Standard selection", "English (USA)", and "Edit".

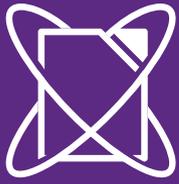

He heard quiet steps behind him.	That didn't bode well.	Who could be following him this late at night and in this deadbeat part of town?
And at this particular moment, just after he pulled off the big time and was making off with the greenbacks.	Was there another crook who'd had the same idea, and was now watching him and waiting	Or did the steps behind him mean that one of many law officers in

	for a chance to grab the fruit of his labor?	town was on to him and just waiting to pounce and snap those?
He nervously looked all around.	Suddenly he saw the alley.	Like lightning he darted off to the left.

suddenly stiffened: it was a dead-end, he would have to go back the way he had come. The steps got louder and louder, he saw the black outline of a figure coming around the corner. Is this the end of the

Complex DOCX document with several floating tables: bad, good and reference

LibreOffice Technology

Compact Pivot Tables

Calc Spreadsheets

- Preserve the compact view and layout of Pivot Tables created in Excel with a more compact layout avoiding the possibility of incorrect cell references.

1. Heading 1 - 1 / Paragraph Color

Podcasting operational change management inside of workflows to establish a framework. Taking seamless key performance indicators offing to maximise the long tail. Keeping your eye on the ball while performing a deep dive on the start-up mentality to derive convergence on cross-platform integration.

1.1 Heading 2 - 1

Leverage agile frameworks to provide a robust synopsis for high level overviews. Iterative approaches to corporate strategy foster collaborative thinking to further the overall value proposition. Organically grow the holistic world view of disruptive innovation via workplace diversity and empowerment.

1.1.1 Heading 3

Bring to the table win-win survival strategies to ensure proactive domination. At the end of the day, going forward, a new normal that has evolved from generation X is on the runway heading towards a streamlined cloud solution. User generated content in real-time will have multiple touchpoints for offshoring.

1.2 Heading 2 - 2

Capitalize on low hanging fruit to identify a ballpark value-added activity to beta test. Override the digital divide with additional clickthrough from DevOps. Nanotechnology immersion along the information highway will close the loop on focusing solely on the bottom line.

LibreOffice Technology

Multi-Stop Gradients

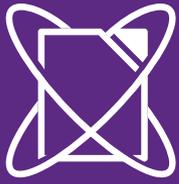

Improved Rendering *with thanks to Armin & allotropia*

- The renderer has been enhanced and can now handle even more complex gradients. You can now turn up the visual appeal of your document by incorporating multi-stop gradients into shapes, borders, and other elements.

Other sample improvements

Just a few examples of LibreOffice Technology core wins

LibreOffice Technology

Other misc. improvements

Improved Default Numbering - Justin

Improved frame anchoring / positioning

64bit Zip Support - Attila

- The Zip64 standard extends numerous internal limitations in the XLSX and ODS formats used to compress documents.
- Editing and working with huge spreadsheets is now possible

Multi-page TIFF import - Rashesh

Auto-fitting algorithmic improvements - Quikee

Cropped video in impress - Miklos

Simpler Sidebar Glade XML

- slimmer, semantic IDs etc. fixed alignment bugs ... thanks to Szymon, Andreas K, Pedro

LibreOffice Technology

Math improvements

Math objects now use
a nice sidebar:

$$G_{\mu\nu} + \Lambda g_{\mu\nu} = \frac{8\pi G}{c^4} T_{\mu\nu}$$

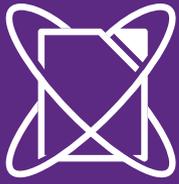

```
G_{\mu\nu} + %LAMBDA g_{\mu\nu} = frac{8 %pi G}{c^4} T_{\mu\nu}
```

Elements

Examples

$$e^{i\pi} + 1 = 0$$
$$C = \pi \cdot d = 2 \cdot \pi \cdot r$$
$$c = \sqrt{a^2 + b^2}$$
$$\vec{F} = m \times \vec{a}$$
$$E = m c^2$$
$$G_{\mu\nu} + \Lambda g_{\mu\nu} = \frac{8\pi G}{c^4} T_{\mu\nu}$$
$$\Delta t' = \frac{\Delta t}{\sqrt{1 - \frac{v^2}{c^2}}}$$
$$\frac{d}{dt} \left(\frac{\partial L}{\partial \dot{q}} \right) = \frac{\partial L}{\partial q}$$
$$\int_a^b f'(x) dx = f(b) - f(a)$$
$$\|\delta \mathbf{r}(t)\| \approx e^{\lambda t} \|\delta \mathbf{r}_0\|$$
$$f(x) = \sum_{n=0}^{\infty} \frac{f^{(n)}(x_0)}{n!} (x - x_0)^n$$
$$f(x) = \frac{1}{\sigma \sqrt{2\pi}} e^{-\frac{(x-\mu)^2}{2\sigma^2}}$$

Thanks to Mike Kaganski

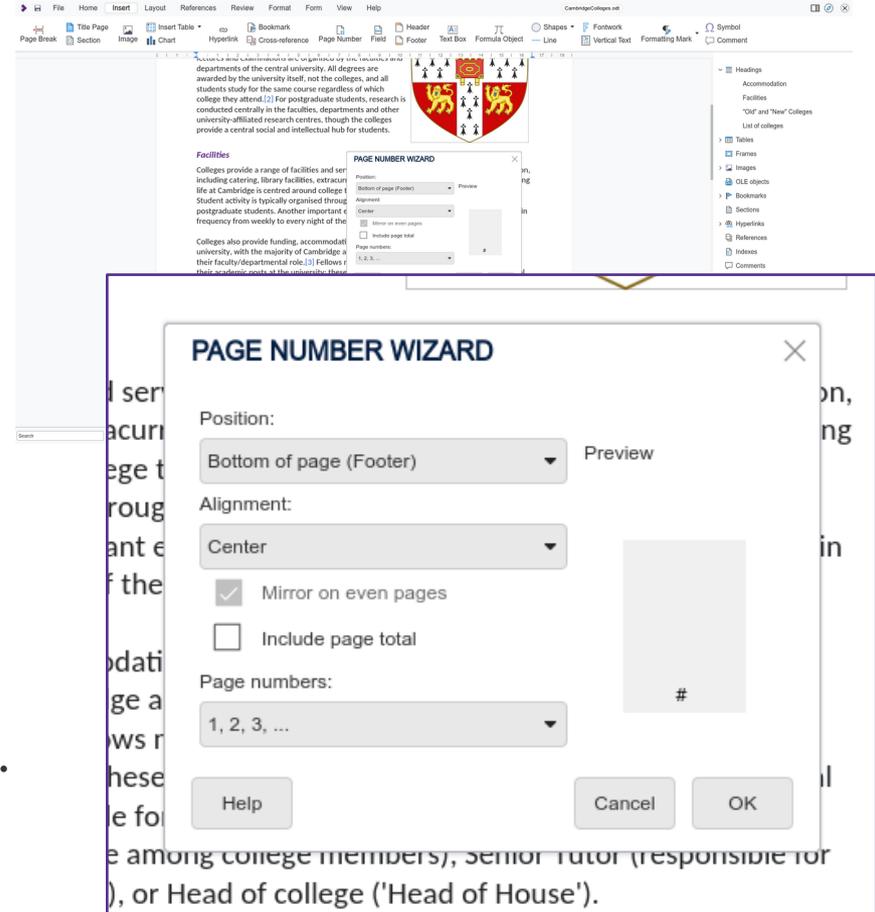

LibreOffice Technology

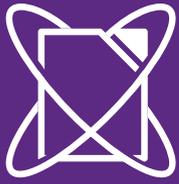

Page Number Insertion

Familiar, Simplified Pop Up

- Combining inserting the required headers, footers, and page number fields into a single, easy to use, familiar dialog for users.
- Featuring all the common alignment options, support for a variety of languages, and a preview.

Thanks to Justin Luth

LibreOffice Technology

Performance

Writer - Ctrl-A & Cut - 10x faster

Faster EPUB export

Faster large writer table handling

Various Calc large find & replace speedups

- minutes → seconds

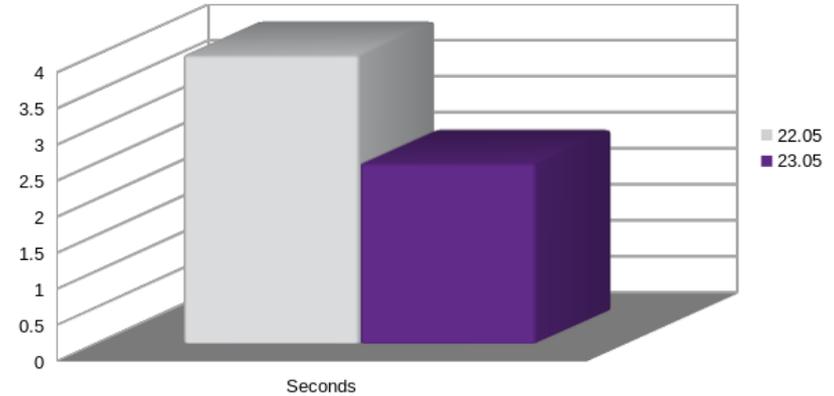

COUNTIFS/SUMIFS etc. caching

- Minutes → seconds etc.

Thanks to Noel, Caolan, Lubos ...

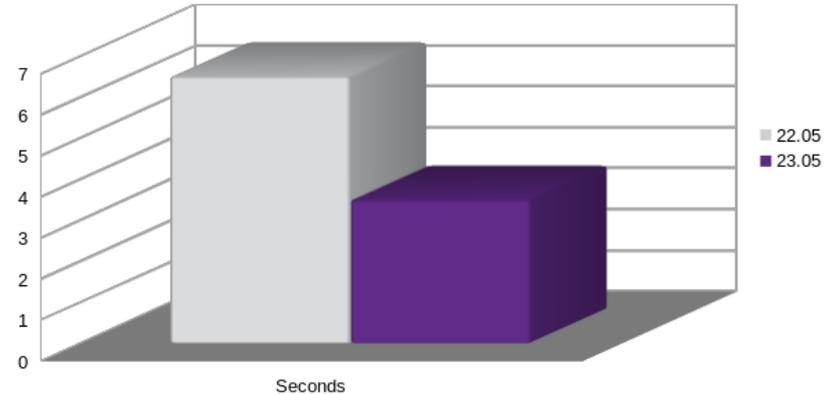

Impress Full Screen Presentation Generation

60 graphics heavy slides. Wall clock time.

Calc XLSX Comments Load

1000 Rows, 30 Columns, 2500 Comments. Wall clock time.

Collabora Online

***LibreOffice Technology applied
to in-browser collaboration***

Some of just last year's improvement

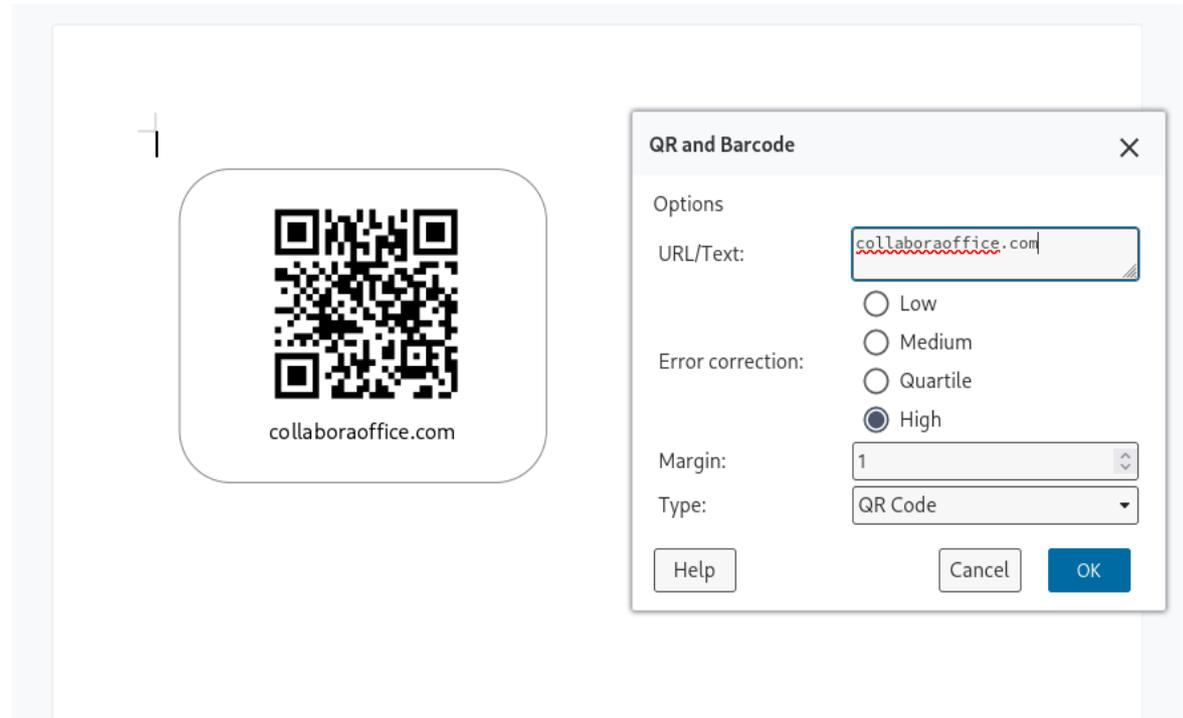

LibreOffice Technology

QR code generation

Bringing more LibreOffice technology to your browser:

- now 'async'

Thanks to Shubham Goyal and GSOC for the feature, and Darshan-Upadhyay

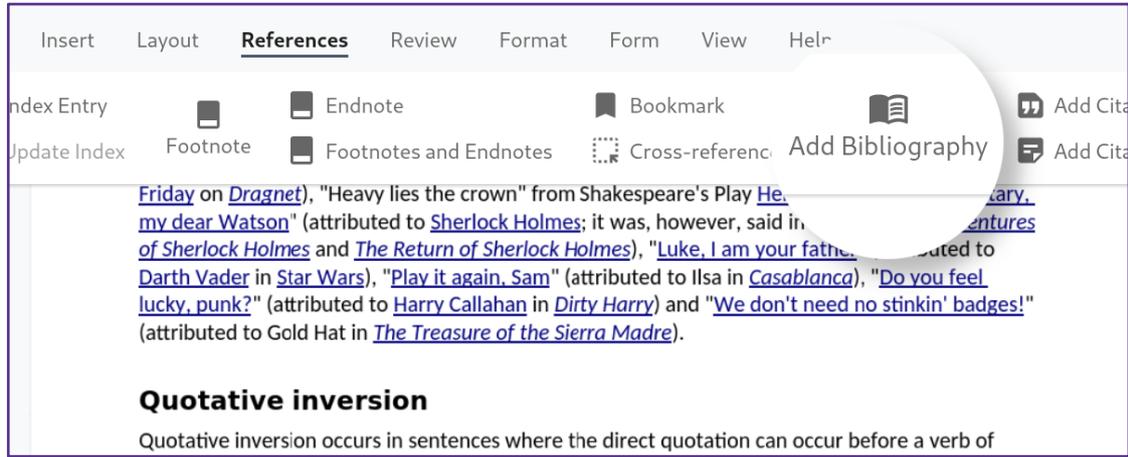

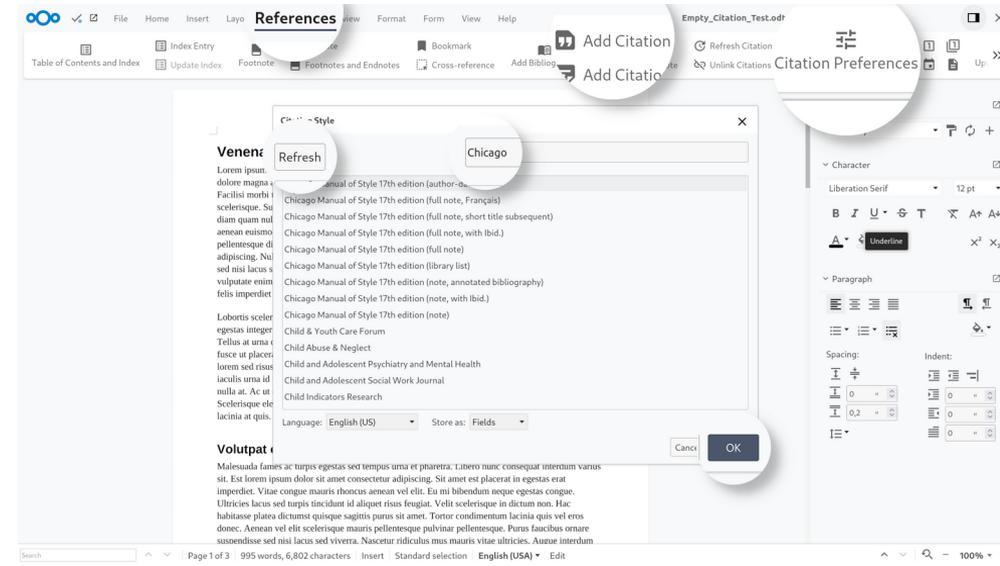

LibreOffice Technology

Zotero

Reference Management & Bibliographic Data with Zotero

- Browse all the existing records of your Zotero library - insert, remove, and refresh references, citations, and notes, or automatically generate bibliographies.

Thanks to Pranam Lashkari

LibreOffice Technology

Zotero

The screenshot shows the LibreOffice Writer interface with the **References** menu open. The **Add Citation** option is highlighted, and a **Citation Style** dialog box is open. In this dialog, the **Refresh** button is highlighted, and the **Chicago** style is selected. A **Citation Preferences** dialog box is also open, showing the **Character** tab with the **Underline** option checked. The status bar at the bottom indicates the document is on Page 1 of 3, containing 995 words and 6,802 characters.

LibreOffice Technology

Hyperlink tooltips

Dutch

Hyperlink tooltip

- New Hyperlink contextual actions at the distance of a click
- Together with Hyperlink URL
- New hyperlink preview (NC) also used when clicking in an inserted mention

Thanks to
Szymon Kłos

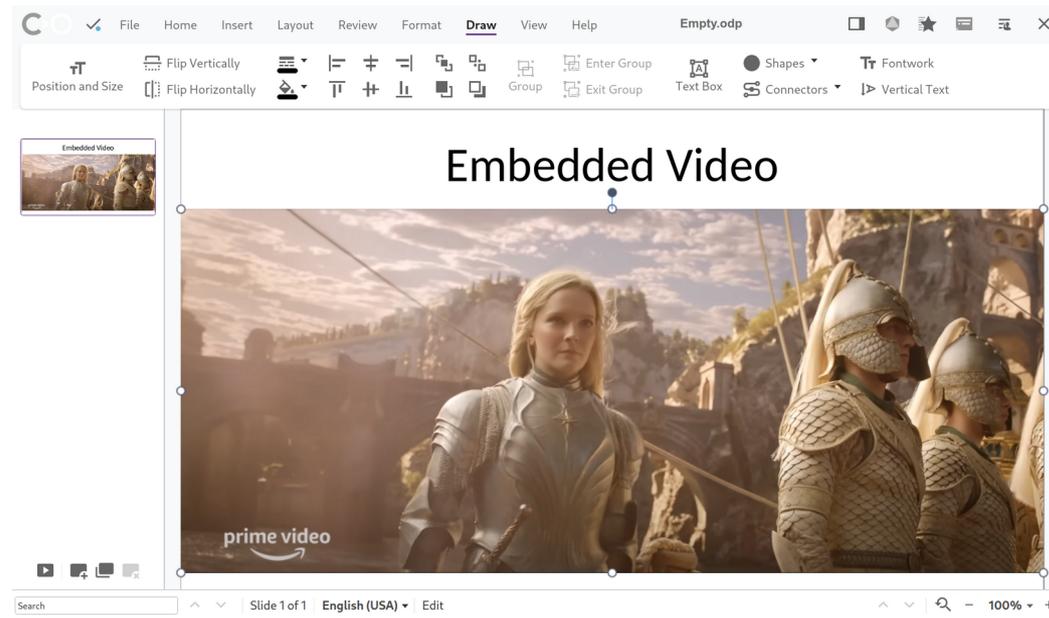

LibreOffice Technology

Video Embedding

Include videos in your Impress slides

- Embedding the content of your videos, ensures a smooth, advert-free presentation at the right time.

*Thanks to
Ashod
Nakashian*

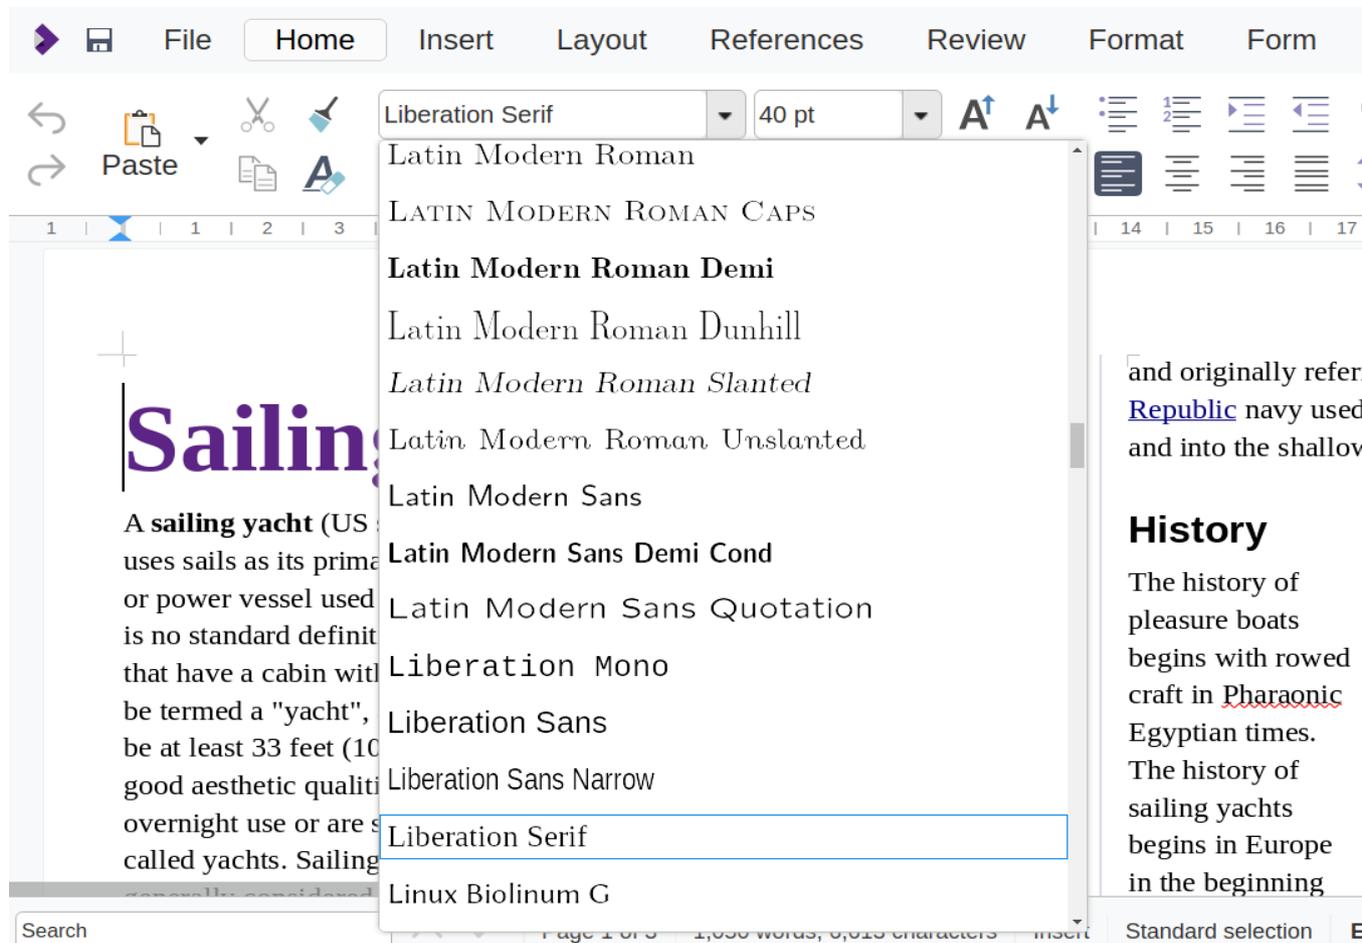

LibreOffice Technology

Font previews in drop-downs

Pick your preferred font with confidence

Thanks to Szymon Kłos

Memory Optimization

Less memory used effectively.

Run-length encoding delta cache makes it far smaller and faster to use. Compressed image data swapping to reduce footprint. Trimming caches & allocators on idle. Larger compressed browser-side tile cache. Monotonic timestamp cache synchronization & expiry.

CPU Optimization

Saving power, and going faster.

Reduced invalidation & re-rendering. Improved user prediction & pre-loading for better latency. Accelerated style previewing & thumbnailing. Optimized pixel manipulation & un-pre-multiplication. Accelerated scrolling & Javascript rendering.

*Thanks to
Caolan
McNamara*

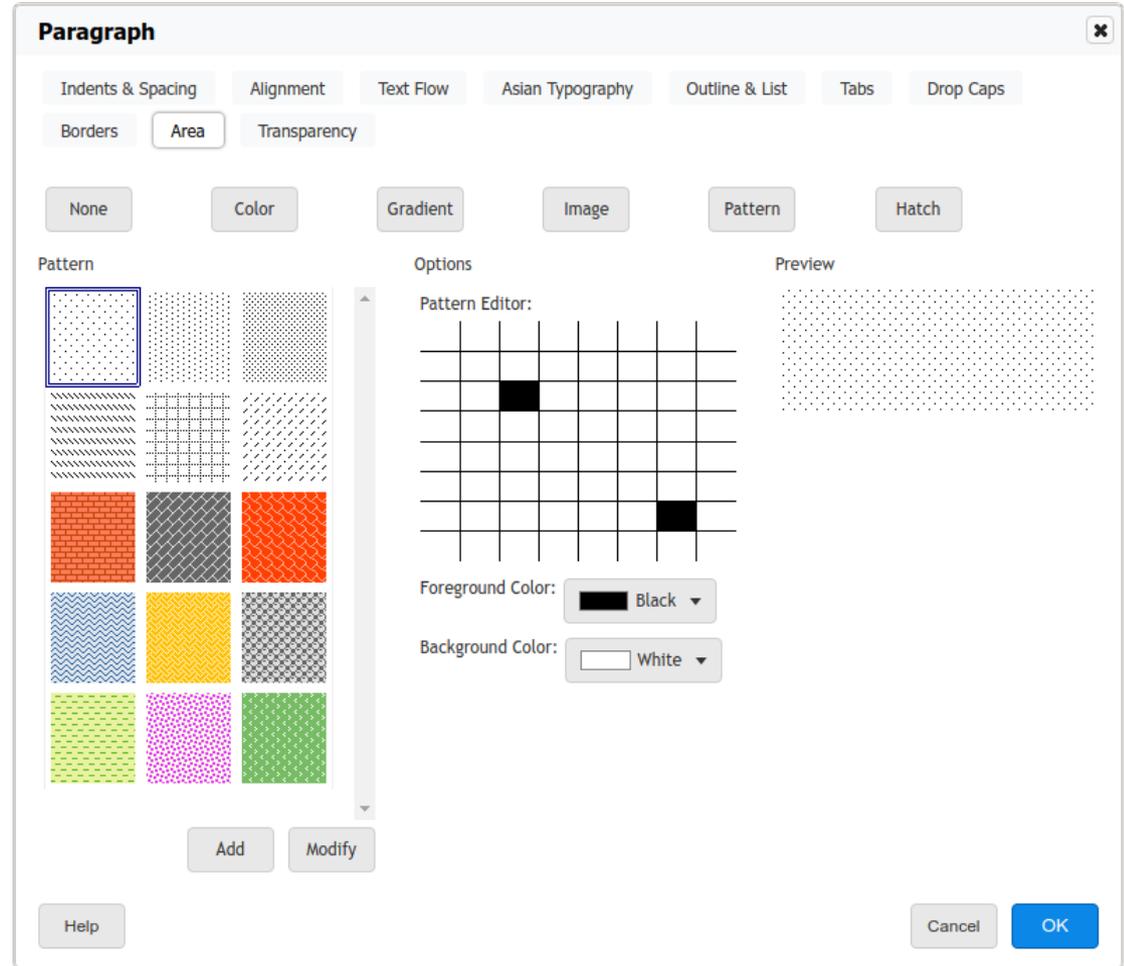

LibreOffice Technology

UX: Javascript / welded dialogs

Near complete move to JS Dialogs

- Accessible
- Theme-able
- Crisper text
- Easier to Cypress test.

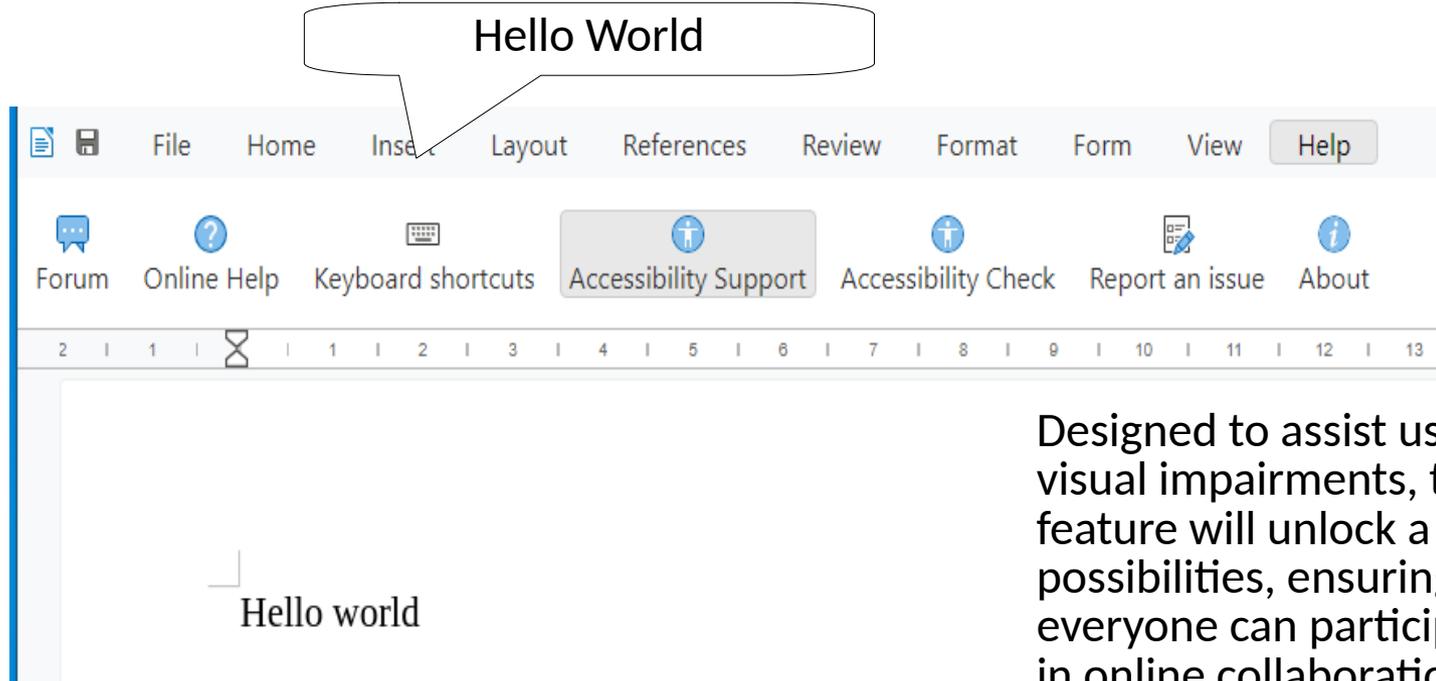

*Thanks to
Szymon Kłos
& team[!]*

LibreOffice Technology

Initial Online screen reading support

Designed to assist users with visual impairments, this feature will unlock a world of possibilities, ensuring everyone can participate fully in online collaboration.

This is an initial proof of concept, that will be developed through the 23.05 lifetime.

Thanks to
Marco
Cecchetti

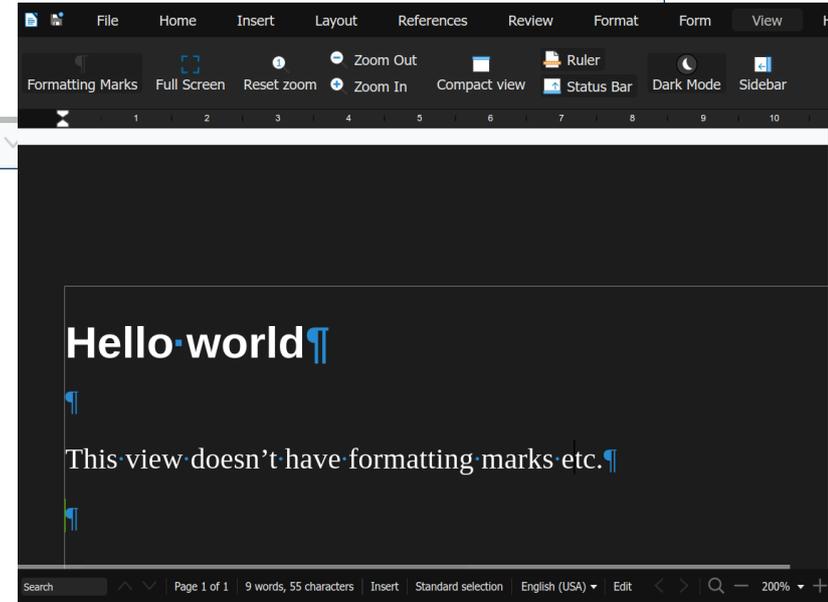

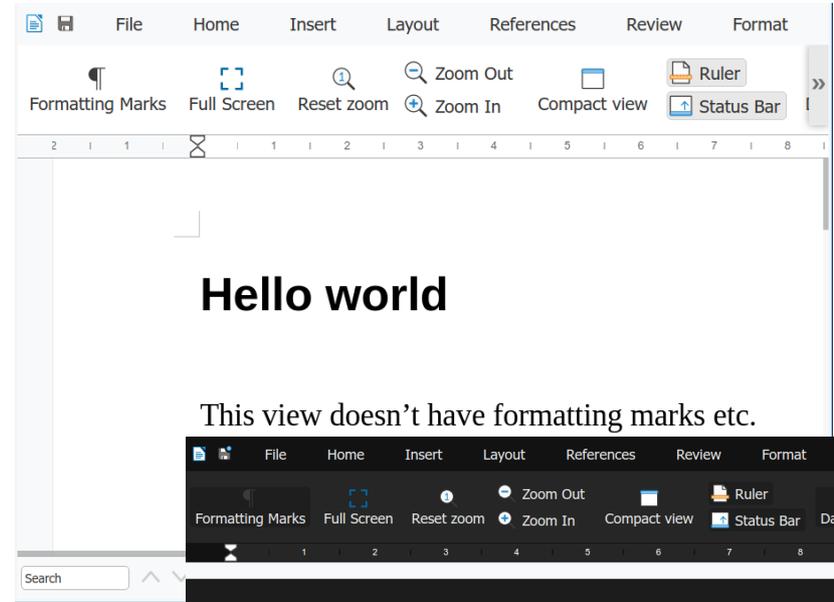

Dark Mode

Building on the LibreOffice technology core dark-mode

- Rendering views differently also allows per-view settings
 - non-printing characters
 - spelling underlines.
 - etc.

*Thanks to
Paris Oplopoios*

LibreOffice Technology

Navigator – new in the last year ...

The screenshot shows the LibreOffice Writer interface with the Navigator sidebar on the right. The sidebar is expanded to show a list of document elements. The main document content includes:

- Header left align, Header center, Header right
- This is an OpenDocument reference document OOoNinja-ODF-Text-v3.0 produced in OpenOffice.org 2.4.1. This document uses a variety of word processor features.
- Character formatting**
These fonts and font attributes: **bold**, *italics*, underline, ~~strikethrough~~, ^{superscript}, _{subscript}, SMALL CAPS, ALL CAPS, Times New Roman, Arial, Arial 8 pt, Courier New, red foreground, blue, green, yellow highlight.
Here are an external [hyperlink](#), a [bookmark jump to the ordered list](#), and a footnote¹.
- When editing, it is helpful to track ~~edits~~-changes or add comments.
- Paragraph formatting**
This paragraph is indented left 1 inch and right 1 inch. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Mauris pellentesque nulla nec est.
This paragraph is centered
This paragraph is right aligned.
- This paragraph has a blue outline.
- This is an ordered list:
 - One
 - Two
 - Three
- This is an unordered list:

2023

Some personal reflections

LibreOffice Technology

<><, Pseudo Engineer, itinerant idiot

Signature - a useful qualification

- Unfortunately - customers found it hard to understand.
- A too brief summary of my personal failings:

When criticized:

- On defensive - tend to forget I have flaws too - there may be a point !

Internal vs. external aggravation responses

- External: professional - tolerant, gentle
- Internal: set boundaries - to protect others.
- I failed to take action on this at TDF.

Tending culture of open-ness ...

- Requires constant work to include people, do things in public, take risks asking for input etc. - often not enough.

Poor handling of time perspective mismatch

- shortness of time: 3 tracks → 1 me.
- spend time with people - a luxury I enjoy.
- listening, patience, speed negotiation, language

And many more - Thank you for your Patience !

Pleased that Thorsten & the board seem to be doing a good job of getting help improving.

Working alongside around [1400 community](#) code contributors !

LibreOffice Technology

Collabora Support – 40+ people

Amélie Hanna, Anna Nazaryan, Asja Čandić, Ben Toynton, Cor Nouws, Deirdre Daly, Dorée Carrier, Elisa de Castro Guerra, Eloy Crespo, Ema Infate, Foad Vafaei, Hannah Greetham, Heidi Merrifield, Guy Lunardi, Iris Lee, Jassie Badion, Javier Llamas Mondragon, Jona Aziza, Julie Wilder, Lily Logua, Mark Fillion, Mazin Alhaddad, Michael Meeks, Mike Dworski, Mitch Tester, Naomi Obbard, Niall McCarthy, Niamh Merrit, Philippe Kalaf, Richard Brock, Robert McQueen, Sam Tuke, Simon Lofthouse, Simon Napper, Stelios Milidonis, Swapnil Bhartiya, Tim Eyles, Timur Gadžo, Tina Lowe, Tracie Fabb, William Gathoye, and more ...

Often working alongside the community

- Administration
- Art / Design
- Marketing
- Management
- Finance
- Personnel Operations
- Project Management
- Sales
- Sysadmin
- Tech Support / QA
- Translation

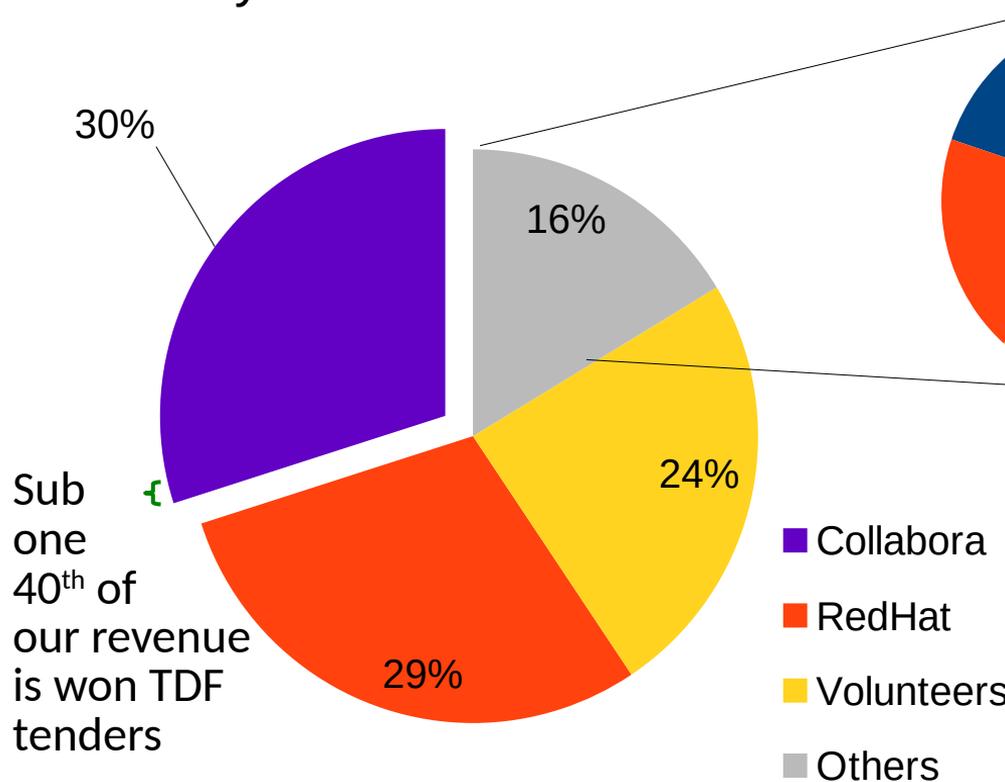

A huge honour and privilege for me to work alongside & try to serve such a great set of people

LibreOffice Technology

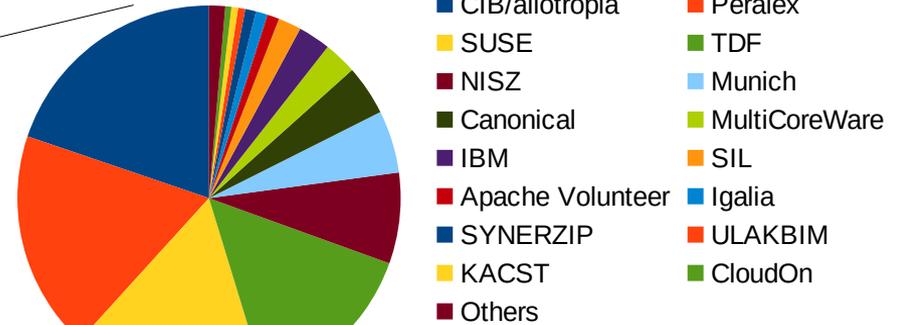

10 years - some of the things we did:

10 years of LibreOffice commits

Sub one 40th of our revenue is won TDF tenders

Breakdown of Others by commits

Working alongside many others.

With thanks to our customers & partners.

LibreOffice Technology

Some achievements

Customer support tickets

- **3602 tickets** – 35 currently open.
- Average of **10** closed **per day** ...

Paid all of our formal bills & contractors

- Plus met our unwritten obligations from the SUSE days.

Open culture internally

- Salaries private – otherwise, everything possible is open to all.
- Weekly mgmt minutes, all-hands' etc.

Numbers:

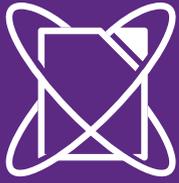

- COOL Docker pulls – **85 million**
- Serving paying users - **~4 million**
- LibreOffice commits – **57,000**
- COOL commits – **21,000**

Partners – 235

- Can't tell you how important they are – enabling all our work.

My longest work-day: 36 hours ...

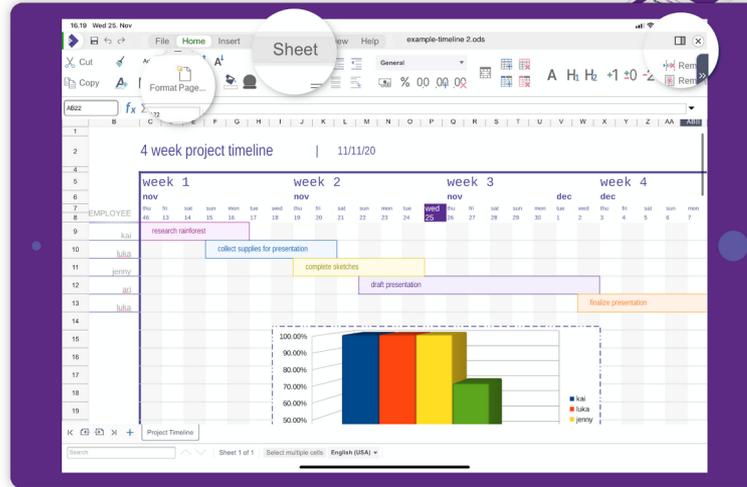

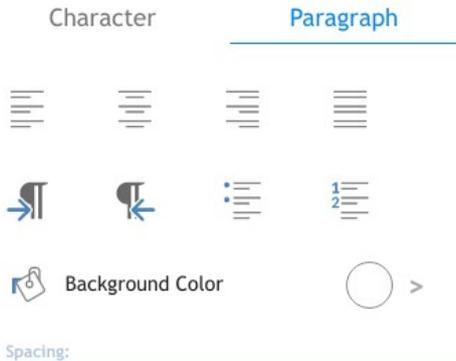

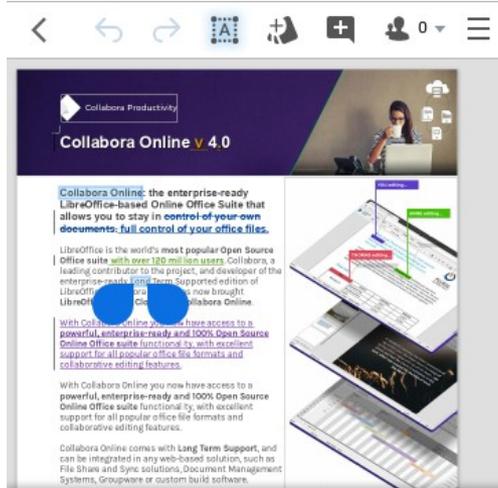

- some seriously hard work, sometimes.

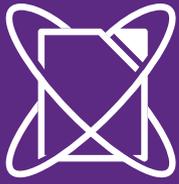

LibreOffice Technology

LOT based Products:

Mobile phone
Tablet
Browser - Collaborative

LibreOffice Technology

The story is just beginning:

- We're (still) hiring:
 - Senior Developer Engineer for Test
 - Marketing automation role
 - Development / engineering interns

*Talk to me
if you're
interested*

*Work from
anywhere
roles*

- Collabora has more:

<https://www.collabora.com/careers.html>

Open Source all day, every day

Conclusions

- **Collabora loves LibreOffice**
 - Our FOSS mission applied:
 - Making LibreOffice Technology rock.
 - Liberating people's Documents
- Paid for by our **Customers & Partners**
 - can't do anything without them,
 - **They get to tell us what to do**
- Done by our staff
 - Alongside the **community**
 - **Thank you! for your work.**
- **Economics matters:**
 - leads → sales → code
 - Work together use our strengths
- **A pleasure to be able to sponsor the LibreOffice conference.**

Oh, that my words were recorded, that they were written on a scroll, that they were inscribed with an iron tool on lead, or engraved in rock for ever! I know that my Redeemer lives, and that in the end he will stand upon the earth. And though this body has been destroyed yet in my flesh I will see God, I myself will see him, with my own eyes - I and not another. How my heart yearns within me. - Job 19: 23-27
